Professional Experience

DXC Technology

Business Consultant | August 2020 – Present

- Deployed automation projects that decreased the processing time of tasks by up to 80% using a Robotic Process Automation tool (Microsoft Power Automate). These projects enhanced data integrity and service assurance.
- Piloted the Total Control Process Dashboard (Power BI) which aims to help leaders drive down the cost of the account by aligning costs to proper cost buckets.
- Provided knowledge transfer to new hires regarding the core process of the Data and Management Team.

DHL Supply Chain Phils., Inc.

IT Intern June -September 2019

- Developed and documented an Inventory and Asset Management System.
 - *Technology stack: PHP, Laravel, HTML, CSS, Bootstrap, MySQL*

Professional Development

Web Development Course,

Refocus E-learning Philippines Corp. | Jan 2023 - Present

- Currently enrolled in Refocus Digital Academy's intensive boot camp program, specializing in advanced web development concepts and frameworks. Engaging in hands-on projects and working closely with industry professionals, I am further enhancing my skills in front-end development, including React and other cutting-edge technologies.

The Complete 2023 Web Development Bootcamp by Angela Yu,

Udemy | Jan 2023 - Present

- Studied an in-depth web development course on Udemy, focusing on front-end technologies, including HTML, CSS, and JavaScript. Acquired comprehensive knowledge of building responsive and user-friendly websites, employing best practices and industry standards.

Learn JIRA with real-world examples (+Confluence bonus) by Kosh Sarkar

Udemy | Jan 2023 - Present

- Currently learning JIRA Fundamentals on Udemy, gaining expertise in using JIRA as a project management and issue-tracking tool. Developed a solid understanding of JIRA workflows, agile methodologies, and effective collaboration within development teams.

Education

De La Salle University Manila
Bachelor of Science in Information Systems

October 2019
